ORGANIC AGRICULTURE

Journal of the International Society of Organic
Agriculture Research

Call for Papers

In spring 2010 **Springer** will publish in collaboration with the **International Society of Organic Agriculture Research** a new, peer-reviewed journal:

Submit now online !

Aims and scope

Organic Agriculture provides a platform for the sharing of knowledge on all aspects of Organic Agriculture and Food Systems. The journal features scientific articles on a range of topics, including, but not exclusively:

- ▣ Arable crop production
- ▣ Vegetable production
- ▣ Soil fertility
- ▣ Nutrient management
- ▣ Plant breeding
- ▣ Crop health and weed management
- ▣ Comparison of cropping systems
- ▣ Livestock husbandry and breeding
- ▣ Livestock health and nutrition
- ▣ Farm management
- ▣ Quality of organic products
- ▣ Socioeconomics
- ▣ Natural resources and agro-ecology
- ▣ Research methodology, on-farm research and innovative knowledge transfer

Editors

Editor-in-Chief

Elizabeth Stockdale, Newcastle University,
